**STEEL frame on steel wheels—that** is the lasting basis on which International manure spreaders are built. All parts, including box, beater, spreading mechanism, apron, are built by experts, using best materials, from careful designs based on field tests.

Every detail is strong and durable, built for long life and ease of draft. Among the features that will interest you are these: Simple protected beater driving mechanism, all of steel; load carried on rear axle, insuring traction; reversible gear and worm; low, easily loaded box, with ample clearance underneath; and gate, preventing clogging of beater while driving to the field etc.

All styles are in the IHC spreader line, high and low, endless and reverse apron, and various sizes for small and large farms. Our catalogues will tell you more. Write for them and let us tell you also where you may see IHC manure spreaders.

**ARISTOS  
FLOUR**

**FINE FLAVOR IN BAKING—**

is always due to extreme care in milling the flour you bake with. In milling Aristos Flour we are more careful than other millers to put delicious flavor into our flour. For example, the proportion of GLIADIN in the gluten is carefully adjusted so as to produce whole some, delicious flour—a flour that will IMPROVE the quality of your BREAD, BISCUITS and PASTRY.

Are You Interested in These Pub-  
lications or Seeds?

TO THE PUBLIC:

The Department of Agriculture has recently undertaken the publication of the Agricultural Outlook, which will appear at irregular intervals during the year. It will be devoted to a consideration of the condition and prospects of the principal crops; live stock and dairy interests and other subjects of importance to the farmer, with the view to giving to the people timely and useful information.

The Outlook will be made up of short articles prepared by recognized authorities. A limited number of these have been placed at my disposal for distribution in the Seventh Congressional District. If you care to have this publication sent to you from time to time as it is issued, I will have your name placed upon the list if you will inform me of your desire.

Farmer's Bulletins.

The Department of Agriculture publishes a large number of bulletins pertaining to fruit raising, farming, household questions, etc., which are of much value to those interested in the subjects treated. If you have not already received from me a list of these bulletins I will be glad to send it to you promptly on request, and will have forwarded to you such bulletins as you may select therefrom.

Flower and Vegetable Seeds.

The Department of Agriculture allotted to the Seventh District of Michigan 20,000 packages of flower and vegetable seeds. This is only about a third of the number that would be necessary to supply one package to each family in the District. There are many, however, who have no use for them, and many others who do not care for them. On the other hand there are many who do desire them and who will make beneficial use of them.

A request for you from you for either flower or vegetable seeds or both, will cause your name to be included in the list.

Availing myself of the liberal courtesy of the press of the District I am able to bring these matters to the attention of everyone in order that all interested may be included in the distribution. Yours truly,  
**LOUIS C. CRAMTON,**  
Member of Congress, Seventh District, Michigan.

WILL INTEREST READERS OF THE  
EXPOSITOR

Those having the misfortune to suffer from backache, urinary disorders, gravel, dropsical swellings, rheumatic pains or other kidney and bladder disorders, will read with gratification this encouraging statement by a Yale man.

Nicholas Owens, retired farmer, Jones St., Yale, Mich., says: "I had considerable pain in my back that made it hard for me to get about. If I sat for any length of time, my back became stiff and sore and it would be several minutes before I could get up. The different remedies I tried did not bring me permanent benefit. At last, upon the recommendation of a friend, I began using Doan's Kidney Pills, procured at Grant Holden's Drug Store. The results were certainly all I could have wished for. I was soon restored to health and strength. You may continue using the statement I gave recommending Doan's Kidney Pills some years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Owens had. Foster-Milburn Co., Props., Buffalo, N. Y.

Do You Raise Fruit?

The United States Department of Agriculture has issued an article on the home fruit garden telling how interesting and profitable it may be made. These experts also tell you exactly how to do it. We are publishing this article on another page of the Expositor this issue. Don't miss reading it.

**LOCAL DRUGGIST MAKES  
MANY FRIENDS**

Grant Holden reports they are making many friends through the QUICK benefit which Yale people receive from the simple mixture of buckthorn bark, glycerine, etc., known as Adler-Ika. This remedy became famous by curing appendicitis and it is the most thorough bowel cleanser known, acting on BOTH the lower and upper bowel. JUST ONE DOSE of Adler-Ika relieves constipation and gas on the stomach almost IMMEDIATELY. Adv.
